

# FIT AND THE CONNIPTIONS

"ALL THE NEWS THAT'S FIT TO PRINT" - DECEMBER 2011

## SWEET SISTER STARLIGHT IS ALBUM OF THE YEAR

*By Our Reporter at Dollis Hill Studios*

Critics, stoics and cynics alike all agree: *Sweet Sister Starlight* was the best and indeed only album released in 2011 by Fit and the Conniptions.

The short run of CDs has nearly sold out, but the album is also still available online if you want to have a listen before you buy. You can download the whole thing on a pay-what-you-think-its-worth basis from <http://music.conniptions.org/>

If you do want a CD, you can either buy it directly from Wayne at a gig or online at the above address. But only while stocks last. Seriously: there's about eight left or so.
